

## SPANK BIO

SPANK is a rapper out of Denver, and his music is just as direct, punchy and energetic as his name would imply. His chill and direct flow echoes the masters of the genre, including Lil B or Joey Bada\$\$, just to mention a few.

His songs are direct and unapologetic, with fresh melodies, solid beats and searing lyrical flows. His recent release, "Next To Me", is a perfect example, with a sound that's pretty different from the bulk of rappers out there. In his own words, "it's important to strive to be nothing but yourself when it comes to music".

This is the reason why his songs are special and powerfully unique. Spank is a rapper on a mission: letting the music scene discover his voice and creativity in a big way!
