

# STRONG LEADERSHIP

## BRIGHTER FUTURE FOR LITTLE FALLS

Little Falls faces some big challenges, but we believe that no challenge is too big. Together, we'll roll up our sleeves, get to work and build a brighter future for Little Falls street-by-street.

”

**James Damiano, Maria Cordonnier and Anthony Sgobba know  
what it takes to build a *brighter future* for Little Falls.**

## Common Sense Budgeting

James, Maria and Anthony will implement zero-based budget, which will hold Little Falls government accountable. This new common sense budgeting approach will ensure that taxpayer dollars aren't being wasted.

## Smart Development

By attracting new commercial dollars to town, residents will have to bear less of the tax burden. With small business experience on the team, James, Maria and Anthony have the tools to attract new commercial dollars to town.

## Follow Through on Important Projects

We're leaving money on the table. Our Mayor and Council need to follow through on important projects such as flood relief and securing new grant funding. James, Maria and Anthony will see projects through from start to finish. No more missed deadlines and delays.
